Bitte auch die 1297.500 (SBW-Frequenz) in FM für die Bergfunker aktivieren. #
 # SSB - Stationen: Bitte jede volle und halbe Stunde auf die FM-QRG schalten. #

Stimmen zum Wettbewerb:

Laci, HA5UA: The weather was windy rainy and the activity was less than expected. I was QRV on 13cm also but no station heard. The ODX on 23cm DH3NAN Matthias comming good redable quite strong signal from 666km. ON 3cm miss RS. I hope in June we get some good cloude.

Josla, HA5HY: It had little activity.

Mirek, OK2UYZ: The condition was ordinary. The activity was good. I had nice ODX on 23cm via AP reflection with Daniel DL3IAE. I completed one QSO on 23cm with 9A8D after contest. MNI TNX for QSOs, tests, and patience.

DL4DTU: Die Ergebnisse vom Mai. Sehr mau.

Nach einer Info von Ben, DL7UCX und Steffen DJ5AM ist der DUR-Contest nun auch in der Version 7.62 Beta 3 des UCX-Logs eingefügt.- Vielen Dank dafür. (<http://www.ucxlog.org/>) oder (www.dl7ucx.de/).

Standort und Antennen von OM3KII
