

DUR - GHz - Activity Contest

In order to increase the activity on the GHz bands the Dresdner UKW-Runde in cooperation with the VHF department of the DARC district of Saxony hosts this competition.

- Date: every third Sunday of a month between 0800 and 1200 UTC (**new**)
- Participants: all single Operator and Clubstation fixed or portable according to their permission
- Calling: CQ DUR (activity)
- Frequencies: all amateur bands >1 GHz (1)
- Modes: CW, SSB, FM, AM (no operation via active repeaters or EME)
- Exchange: per band: RST + sequential number (2) + QTH locator
- Scoring:
(activity cup) 1 point / km on 23 cm,
2 points / km on 13 cm (and 23 cm QRPP - FM - Rig ≤ 2,5W)
3 points / km on 9, 6 and 3 cm
5 points / km on 24 GHz
10 points / km on 47 GHz, 76 GHz
15 points / km on 122 GHz and 134 GHz
20 points / km on >241 GHz (1)
- Activity days: May activity: double score for 6 cm QSO
June activity: double score for 3 cm and above (until THz) QSO
October activity: double score for 9 cm QSO (4)
- Score calculation: monthly (per band)
annually (summarizing the achieved points from the months - activity cup)
- Results: The results will be distributed to every participant via eMail short before the next activity-contest. In addition they can be retrieved from <http://dl0tud.tu-dresden.de/wordpress>.
- Awards: - place 1-3 in the annual scoring: plaque or cup
- place 4-10: certificate
- Log submission: one edi logfile per band (3) (**pse without multi-calc.**) or paper log via email to dur.test@gmx.de or mail to Jens Schmidt (DH0LS), Bachstrasse 3, OT Steudnitz, 07774 Dornburg-Camburg
- Submission deadline: **every 2nd monday after a contest**

Addendum:

(1) 0.3 - 1666.666 THz according to AFuV addendum 1 (for §1 Nr 6), Nr. 36, in addition Nutzungsbestimmung 14 (comply to the prohibited bands: http://www.darc.de/uploads/media/Terahertz_Bandplan.pdf)

(2) The sequential number does not need to start with 001 if the DUR-Log submitted is a subset of a log from another contest (only the time of the DUR activity)

(3) Please also submit the common information about your station. Pictures of your station or your QTH are welcome. Log submissions only as .edi (txt) or .jpg (scan of paper log). Do not use foreign formats. Do not insert band multipliers inside the log.

QSO within a minor locator field (also between participants that can see each other) will always be counted with 4 points (multiplied by the band factor) - please consider that before your log submission.

(4) in the case 9 cm is not allowed to TX for one of the QSO participants, crossband QSO are counted (RX: 9 cm, TX: 13 cm or 6 cm).
